Dear Readers,

We are back with the 3rd issue of our special weekly newsletter!

Thank you for following the efforts of the women-led community institutions fostered under the EU-funded SUCCESS programme in responding to the negative impacts of COVID-19.

The SUCCESS programme implementing partner RSPs are observing government safety guidelines to continue regular activities such as Income Generating Grants (IGG), Community Investment Funds (CIF), and Community Physical Infrastructure (CPI) schemes. Such activities help to generate income and restore hope among poor communities in these hard times.

You can find details here and on our social media.

Wishing you all good health in body, mind and spirit.

Sincerely Yours,
The RSPN SUCCESS Team.
