Rapid assessment of **242** PHED and Community managed Drinking Water Supply Schemes (DWSS) in Nine districts

## Updates as of 20 September, 2022

Since July 2022, Pakistan has been suffering from the worst monsoon season as incessant rainfall in all the provinces caused flash floods, landslides, and displacements resulting in an increasing scale of humanitarian impact. The rainfall is about 2.9 times higher the national 30-year average causing widespread flooding. The Balochistan province has received 5.1 times its 30-year average rainfall till 27 August, 2022 causing massive destruction where more than 250 persons lost their lives and 106 injured according to the National Disaster Management Authority (NDMA). Nearly 500,000 livestock have reportedly died across the province, where livestock are a critical source of sustenance and livelihoods. At least 17,500 houses have been completely destroyed and another 43,900 houses are partially damaged. In addition to houses and croplands, about 1,000 km of roads and 18 bridges have also been damaged and impede access across flood-affected areas.

### **BRSP PRESENCE IN FERRO 2022**

### **Highlights of BRSP's RESPONSE**

In response to this unprecedented catastrophe, BRSP initiated Rapid Need Assessment survey in last week of July 2022 to assess the immediate impact and needs in **18** most affected districts of Balochistan; Chaman, Duki, Jaffarabad, Jhal Magsi, Killa Abdullah, Killa Saifullah, Loralai, Musa Khail, Naseerabad, Pishin, Quetta, Sohbat Pur, Washuk, Khuzdar, Lasbela and Zhob. The people of affected areas are in dire need of shelter, food and non-food items, health, WASH and fodder support, particularly for the displaced population and people who lost their source of income. To get immediate financial assistance from international and national donors, BRSP has mobilized resources from Pakistan Poverty Alleviation Fund (PPAF), PATRIP Foundation, GFFO and philanthropists for emergency response operations in affected districts. BRSP has established 14 Coordination and Information Centers (CICs) in DC Offices, initiated provision of Food items & NFIs and organized medical camps in affected areas in collaboration with the health department and district administration.

Following are the highlights of BRSP's response to the Flood Emergency 2022:

## 1. Rapid Need Assessment:

- BRSP field teams carried “**Rapid Need Assessment (RNA)**” in **18** districts by covering around **776** flood affected villages of **177** UCs. The RNA will also be initiated in one more districts of Nushki. The RNA results are available on <https://bit.ly/3PHm13s>
- BRSP also assisted UN agencies in carrying out multi-sector Rapid Need Assessment in flood-affected districts of Balochistan. The assessment was conducted in **18** districts, prioritized by the Balochistan Provincial Disaster Management Authority (PDMA).
- In addition, BRSP Engineering team carried out a rapid assessment of **242** PHED and Community managed Drinking Water Supply Schemes (DWSS) in 13 districts: Washuk, Zhob, Loralai, Killa Abdullah, Chaman, Killa Saifullah, Musa Khel, Khuzdar, Duki, Jhal Magsi, Kharran, Quetta and Pishin. BRSP team collected secondary information from PHED and BRSP's district Washuk office prior to initiating assessment. After the assessment, the teams held a meeting with Deputy Commissioner District Washuk and shared the detail assessment report for further sharing with concerned departments.

Based on findings from RNA in **18** districts and information collected from coordination and information cells, following **emergent needs** have been determined:

- **Food Packages**
- **Medical Camps**
- **Shelter (Tents)**
- **Livestock Fodder and Vaccination**
- **Clean Drinking Water**
- **Fuel Efficient Stoves**
- **Blankets and Mats**

## 2. Establishment of CIC and Coordination with stakeholders:

- BRSP established **15** “Coordination and Information Cells (CICs)” in the target districts and deployed “One focal person” in each district to support district administration in data and information management of flood relief operations. Further, two more CIC are being established in districts Musa Khail and Sohbat Pur.
- BRSP established **1** Coordination and Information Cell (CIC) in Naseerabad Division and deployed focal person for support of Commissioner Naseerabad.
- BRSP Health team conducted coordination meetings with District Health Officers (DHOs) and District Support Managers (DSM) of those districts where Malaria Control Programme is being implemented for smooth operations of malaria services in flood effected districts.
- BRSP officials are actively participating in coordination meetings with PDMA, DDMA and line departments at provincial and district level.
- BRSP Media team has been deployed for coverage in district Quetta to capture the damages caused by the flood which included taking drone footage of the encroachments on 12 major sewerage drains of

Quetta. In addition, district Quetta administration was also assisted through social media campaign for sensitizing general public on precautionary measures during heavy rainfall.

- BRSP signed MoU with Action against Hunger (ACF) for strengthened coordination and partnership in any emergency situation mainly in the flood emergency 2022 in Balochistan.

### 3. Provision of Food Packages:

- BRSP provided cooked food to **6,050** individuals in districts Quetta, Jaffarabad and Jhal Magsi for **03** days.
- BRSP with the support of different philanthropists carried out food distribution to **100** flood affected families of UCs Kechi Baig-I & II in district Quetta. In addition, food packages have been distributed to **1,000** families in UCs; Hanna, Sumal Abad and Killi Nasaran, Baloch Khan Chowk, Jattak Abad, Saryab.
- With the financial support of PPAF and BRSP in district Washuk, **600** families were served with provision of food packages.
- In district Lasbela, **1,397** flood affected families were served with provision of food packages with the support of PPAF.
- In district Jhal Magsi, UC Mirpur **300** flood affected families were served with provision of food packages with the support of Allied Bank.
- BRSP with the financial support PPAF provided **950** food packages to affected families in district Musakhail.
- Transportation support provided to district administration Quetta for loading & unloading of relief items in different flood effected districts of Balochistan.
- BRSP with the financial support of Bankers Club Quetta distributed **50** Food and Hygiene kits among the flood stricken communities of Killi Rahim tehsil Dasht, district Mastung. The distribution was attended by management of the Bankers Club and Ms. Fareeda Tareen, AC Dasht. Ms. Fareeda Tareen requested to arrange tents for the communities of dasht. The Bankers Club representatives appreciated BRSP for providing relief in every corner of Balochistan. Dasht is one of the many union councils in Mastung that have been severely damaged.
- BRSP with the financial funding of German Consulate Karachi commenced the distribution of **100** food packages, comprising of two months' ration, in Goth Sheikh Bahauddin Union Council Shah, Lasbela. His Excellency, the Consul General of Germany Mr. Holger Ziegeler was accompanied by the designated Honorary Consul of the Federal Republic of Germany in Quetta, Mir Murad Baluch. The Deputy Commissioner lauded the efforts of BRSP in assisting the district administration in streamlining the flood relief operations in Lasbela. CEO BRSP, Dr. Shahnawaz Khan thanked the generous support of the Federal Republic of Germany for the flood hit people of Balochistan

### 4. Provision of Non Food Items (NFIs):

- BRSP provided Hygiene Kits including MHM kits and Water Purification tablets to **600** families in district Washuk.
- Hygiene kits have been distributed among **1,000** families in UCs Hanna, Sumal Abad and Killi Nasaran.
- BRSP with the support of district administration provided Hygiene kits and water purification tables to **1,497** families in district Lasbela, **950** families in district Musakhail, and to **300** families in district Jhal Magsi.

## 5. Emergency Health Services:

- BRSP supported Health Department in organizing joint Medical Camps at district level where Zinc along with Low Osmolality Oral Rehydration solutions/salts (LOORS) were administered for treating **3,454** children (under age 5) with diarrhoea cases in four districts Dera Bugti, Barkhan, Jhal Magsi, and Loralai.
- BRSP with the technical assistance of Health Department, PPHI and Civil Administration organized **23** free Medical Camp in four districts; Quetta, Lasbela, Musa Khel Jaffarabad and Washuk (Basima). Nearly **6,683** OPD patients (Men/Women/Children) were provided with health services and medicines. The MPA Mr. Zabid Ali Reki and Mr. Umar Khan Jamali along with the DHOs also visited the camps in districts Washuk and Jaffarabad.
- Planning for medical camp was done and medicine list was shared with DHOs and DSMs for medicine distribution in four districts; Quetta, Jaffarabad, Washuk and Lasbela Quetta.
- Indus Hospital and Health Network (IHHN) in collaboration with BRSP and Department of Health-Government of Balochistan, under Malaria Control program organised **72** screening camp in **12** district, Sibi, Kachi, Khuzdar, Kohlu, Naseerabad, Jaffarabad, JhalMagsi, Washuk, Musakhail, Sohbat Pur, Loralai and Dera Bugti for flood affected people where more than **18,166** people were screened and in which **5,641** people were found Malaria positive which an alarming situation.
- BRSP through Canada Funds for Local Initiatives (CFLI) project held **2** free medical camp in which free advice and medicines were provided to **554** patients including **377** Afghan refugees and **177** host population in Afghan refugee camp Zharh Kareez UC of district Loralai. Most common diseases were gastroenteritis, Acute Respiratory Infections (ARI), anxiety/depression, epilepsy, diarrhoea, pneumonia, UTI, ANC, hypertension, typhoid, malaria, calcium and Vitamin D deficiencies. Doctors including gynaecologist, female physician, male physician, psychologist, ENT specialist and paediatrician provided health services.
- 3 weeks training of gynaecological staff from District Headquarters Hospital Noushki & Qilla Saifullah started in Quetta. BRSP is conducting this training with financial support of PATRIP Foundation and under MoU with Department of Health, Government of Balochistan. Leading gynaecologists and senior doctors from Bolan Medical College and other private hospitals of Quetta are delivering the sessions. During the **21** days, trainees will be trained in Mother and New-born Health including emergency obstetrics, tele medicine, neo natal, natal and post-natal health. The theoretical sessions follow adult learning principles where as 80% of training time is dedicated to on the job placement at gyne wards. Total of 14 MNCH professionals will be trained who will contribute to decrease MMR & IMR in rural Balochistan in the long run.

## 6. Planned Interventions:

- 3,000 Food Packages and Hygiene kits for Lasbela.
- 900 Food Packages and Hygiene kits for Jaffarabad.
